

## Consistently Innovative Mechanical Services for Jobs of All Sizes

At EMCOR Services Shambaugh (ESS), our highly-trained technicians are skilled in all aspects of HVAC mechanical construction and services. We offer maintenance and light commercial solutions, and we're continually searching for ways to improve design and implementation processes.

### Major Markets Served

- » Commercial
- » Education
  - K-12 Schools
  - Universities
- » Manufacturing/Industrial
- » Automotive
- » Public/Government
- » Technology
- » Telecommunications
- » Data Centers
- » Biotech/Healthcare
- » Food Process
- » Retail

**Our mechanical, electrical, and plumbing (MEP) services and mechanical construction expertise includes:**

- » Plumbing
- » Refrigeration
- » Boiler inspection and service
- » Chiller teardown and service
- » Backflow certification
- » Indoor air quality service

### HVAC Maintenance

Properly maintained HVAC systems can help lower energy bills and reduce repair expenses, but that's just the beginning. Studies prove that higher performing buildings enhance productivity in various meaningful ways—in commercial buildings, employees are more productive and have fewer absences; in learning institutions, test scores improve; in hospitals, infection rates fall.

Whether you have a single facility or multiple buildings in a campus setting, we can provide:

- » Spot service and repair of mechanical equipment, boilers, and refrigeration
- » Preventive maintenance contracts and services
- » Full coverage maintenance and repair contracts covering preventive services and equipment repairs
- » Equipment replacement services for air-handling units, boilers, chillers, and refrigeration equipment, including direct replacement or design-build retrofits
- » 24-hour emergency service
- » Back flow prevention inspections

### Light Commercial HVAC Solutions

ESS's highly experienced team of HVAC experts has capabilities that extend beyond large facilities to accommodate the unique HVAC needs of smaller-scale buildings. We offer a full suite of HVAC services, including complete design and installation, preventive maintenance, repair and service, and 24/7 support.

We have extensive experience working in a variety of light commercial facilities, such as:

- » Banks
- » Restaurants
- » Religious institutions
- » Small shopping centers
- » Small office buildings

We can provide a variety of advanced HVAC equipment and systems, specifically designed for light commercial facilities, including:

- » Small rooftop exhaust fans
- » Rooftop package units 7.5 tons and under
- » Single split systems

### Safety Is the Focus of All We Do

At the end of the day, we want to ensure everyone goes home safely. Our technicians adhere to the highest standards of safety performance, often while working in complicated and challenging environments. We are industry specialists, well versed in safety, labor laws, and regulations, committed to the well-being of customers and employees alike.
