Special Projects Need Special Solutions

As your go-to source for facility services, you can count on EMCOR Services Shambaugh for design, installation, retrofit, upgrade, repair, or maintenance of any mechanical, electrical, and plumbing system. We're always ready to respond, even for unpredictable special needs, with turnkey solutions.

The Right Expertise, Right on Time

When an unexpected need develops that isn't part of a comprehensive scope, EMCOR Services Shambaugh's team is equipped for swift resolution.

We can tackle incidental construction projects as they arise, whether that requires fixing an outlet, troubleshooting a generator, or retrofitting any area or office space.

Ready for Any Phase of Special Projects

Wherever you are in the design, construction, or maintenance stages of any renovation or fit-out, our experts can assist with engineering, analysis, or evaluation. We also offer Building Information Modeling expertise to help overcome any apparent obstacles, and ensure your projects proceed smoothly.

Responsive to Any Size Need

Even small adjustments to your facility equipment can positively impact tenant satisfaction or overall building performance. That's why we stay prepared for everything from upgrades to complete systems. We'll handle any size special project, including:

- » Sheet metal and ductwork modifications
- » Indoor air quality/pathogen control solutions
- » Air handling or auxiliary air systems modification or replacement
- » HVAC system design and installation
- » Complete tenant renovations
